Portfolio

I have created a React-based website to showcase my portfolio of projects. The website is deployed using Netlify, providing easy access to visitors. It offers a user-friendly interface where users can explore my projects, view project details, and access live demos or GitHub repositories. Using React allowed me to build reusable components, making the codebase efficient. The deployment process with Netlify ensured seamless updates and accessibility to my latest work. Overall, the website serves as a comprehensive representation of my skills and accomplishments as a developer.

Web Development

FRONTEND CAREER PATH
Scrimba
01/2023

- DOM manipulation and event handling using JavaScript
- Asynchronous programming and AJAX requests using JavaScript
- State management and component-based architecture in React.js
- Advanced React.js concepts such as hooks, context, and routing

FULLSTACK WEB DEVELOPMENT
Le Wagon Lodon
06/2022

- HTML, CSS, and responsive design principles
- Ruby on Rails web framework and MVC architecture
- Object-Oriented Programming/ OOP and Model-View-Controller design patterns/ MVC
- SQL and relational databases such as PostgreSQL

Technical Skills

- JavaScript
- React.js
- HTML
- CSS
- Ruby
- SQL
- Figma
- Git
- API

Soft Skills

Communication:
- Regularly communicated with clients and customers as an Event Manager to provide progress updates and media content of the campaign.

Attention to Detail:
- Coordinating all aspects of the event campaigns and maintaining accurate records. Transferring this accuracy to my role as a Web Developer.

Time Management:
- Managed event timelines, including setup and breakdown, effectively prioritising tasks as an Event Manager.

Problem-solving:
- Proven ability to quickly resolve issues and find solutions as an event manager, successfully adapting this problem-solving mindset to tackle complex challenges in web development.

Team Collaboration:
- Fostered a collaborative and supportive environment, encouraging open communication and teamwork to deliver the final project at Le Wagon.

Work History

EVENT MANAGER
Link communications & Highjam
05/2022 - Present

- Providing on-site support, including help with setup and breakdown, managing event timelines, and troubleshooting issues as they arise.
